

193C—3.3(542B) Comity applications.

3.3(1) The components of a comity application include: the completed, notarized application form; the ethics questionnaire; references; transcripts; and verifications, as appropriate. Comity applicants may submit the NCEES record in lieu of providing references, verifications, transcripts, and employment history.

3.3(2) Comity applications will be reviewed and processed as they are completed. Applications that are complete and meet the standard requirements of these rules are processed immediately upon completion and review.

3.3(3) Comity applicants are notified regarding the results of the review of their applications.

3.3(4) Temporary permits. The board does not issue temporary permits. Temporary permits were previously issued to applicants whose applications were reviewed by a board member, who met all requirements, and who were expected to qualify for approval by the full board at the next regularly scheduled board meeting. Since applications that meet these criteria are now routinely processed as they are completed and reviewed, temporary permits are no longer necessary.
